

# Midnight

Rita Springer

You are never late, even when the sun is hiding  
You never hesitate, You have perfect timing  
And even in the wait, You hold on tightly  
It's reason enough for me, it's reason enough for me

Out of the shadows, into tomorrow  
You don't wait for sunrise, You will move at midnight  
And out of my worry, nothing but worship  
I won't wait for sunrise, I will praise at midnight

You are not unkind, even when You offer silence  
Hope is Your reply, echoing inside the quiet  
And even in delay, oh, I can't deny it  
It's reason enough for me, it's reason enough for me

And out of the shadows, into tomorrow  
You don't wait for sunrise, You will move at midnight, yes, You will  
And out of my worry, nothing but worship  
I won't wait for sunrise, I will praise at midnight  
I will praise at midnight, I will praise at midnight  
I won't wait for sunrise, I will praise at midnight

You will walk me past my valleys  
You will sing me through my trials  
You will see me to my breakthrough  
You will lead me to Your promise, oh yeah

You will walk me past my valleys, oh, yes, You will (Yes, You will)  
You will sing me through my trials, I know You will (Yes, You will)  
You will see me to my breakthrough, oh, yes, You will (Yes, You will)  
You will lead me to Your promise, oh, yes, You will (Yes, You will)  
And You will walk me past my valleys,  
Oh, yes, You will, God (Yes, You will)  
You will sing me through my trials, I know, I know it (Yes, You will)  
You will see me to my breakthrough, oh, yeah, yeah (Yes, You will)  
And You will lead me to Your promise, oh (Yes, You will)

Oh, out of the shadows, into tomorrow  
You don't wait for sunrise, You will move at midnight, yes, You will  
And out of my worry, giving all of my worship  
Oh, we won't wait for sunrise, I will praise at midnight

And out of the shadows, into tomorrow  
You don't wait for sunrise  
You will move at midnight, I know You will (Yes, You will)  
And out of my worry, giving all of my worship  
Oh, I'm not gonna wait for sunrise  
I will praise at midnight, yes, I will

Yes, I will
