Let's Rock and Roll

Ritchie Valens

Well she rocks me & she takes me all night long
Well sometimes, baby, I don't know what made you jump
'Cause you've got me runnin', you got me rollin' all night

Well come on little baby, come & shake with me
We're gonna rock just 1, 2, 3
& now that I'm winning all my night
I just don't know where to fly

So come on, let's rock & roll
Because right on me yeah yeah no more

Well let's go once again round & round
Never never stop just lookin' around
'Cause I love you so oh & I'll never let you go
