

Inside My Head

Riton

I'm not really patient
Don't wanna have to ask
Don't wanna be left waiting
'Cause losing time's a drag
I don't get complacent
Really, there's no need
Proof is in the chasing
'Cause it leads you to me, ah

Baby, don't you make me beg
You're the one inside my head
No, no, no, no, no baby, don't you make me?
'Cause it leads you to me, ah

I'm not really patient
Don't wanna have to ask
Don't wanna be kept waiting
'Cause losing time's a drag
I don't get complacent
Really, there's no need
Proof is in the chasing
'Cause it leads you to me, ah

Baby, don't you make me beg
You're the one inside my head
No, no, no, no, no baby, don't you make me?
'Cause it leads you to me, ah

You're the only one that matters to me (Ah)
You're the only one that matters at all (Oh)
You're the only one that matters to me (Ah)
You're the only one that matters to me
Don't you, don't you make me, please

Baby, don't you make me beg (Don't you make me beg)
You're the one inside my head (You're the one inside my head)
Baby, don't you make me beg (Baby, don't you make me beg)
'Cause you lead on to me, ah
Baby, don't you make me beg
You're the one inside my head
You're the only one that matters at all
To me
