Sugar

Riton

You've— You've— You've— You've—

You've been sweatin' bullets, triggers pullin', put your hands up high
Let's just get into it, keep it fluid, we can improvise
If you've got a taste for it, you should come and savour it
I'm willing and abling 'cause action is favorite (Woo!)

We're set to go, we've got it whole
The chemicals runnin' through my body
It's physical, not typical
Might give you all, no, you won't be sorry

Bring that sugar if it's sweet
I might lick it from your teeth
Bring that sugar if it's sweet
If it's spicy, bring the heat
Bring the heat
If it's spicy, bring the heat
Bring that—

Bring that sugar
Bring that— Bring that— Bring that—
Bring that sugar— sugar (Sweet sugar)
Sugar, if it's sweet
Bring that sugar— sugar (Sweet sugar)
Sugar, if it's sweet
Bring that sugar if it's sweet
I might lick it from your teeth
Bring that sugar if it's sweet
If it's spicy, bring the heat

Bring that sugar, if it's sweet
If it's spicy, bring the heat
Bring that sugar if it's sweet
If it's spicy, bring the— bring the— bring the heat

Bring that sugar
Bring that sugar
Bring that sugar— sugar (Sweet sugar)
Sugar, if it's sweet
Bring that sugar— sugar (Sweet sugar)
Sugar, if it's sweet
Bring that sugar if it's sweet
I might lick it from your teeth
Bring that sugar if it's sweet
If it's spicy, bring the heat

Bring that sugar— sugar (Sweet sugar)
Bring that sugar— sugar (Sweet sugar)
Bring that sugar— sugar (Sweet sugar)
Bring that sugar— sugar (Sweet sugar)
