Too High

Riton

I'm too high
I know you're calling, baby
Makes me smile
Now you want to see me
But I'm, I'm too high

I'm too high
I'm too high

I know you're thinking 'bout me baby
I know you're thinking 'bout me
I'm too high
I know you're thinking 'bout me baby
I know you're thinking 'bout me
I'm too high

You drive up on the city, girl
Act so fly
You're no good without me
But I'm, I'm too high

I'm too high
I know you're calling, baby
Makes me smile
Now you want to see me
But I'm, I'm too high

I know you're thinking 'bout me baby
I know you're thinking 'bout me
I'm too high
I know you're thinking 'bout me baby
I know you're thinking 'bout me
I'm too high

I'm too high
I'm too high

I know you're calling, baby
Makes me smile
Now you want to see me
But I, I'm too high

I'm too high
I'm too high
