

I know everything, I know everything  
I know everything, I know everything  
I know everything, I know everything  
I know everything, I know everything

Stuck in the house on isolation  
And I'm afraid that my relation  
Ship with the meth gets worst  
Now that I'm caged in  
Two days and I ain't ate shit  
I ain't slept, had sex  
My chest is havin' pains  
If this is any kind of indication  
Of what's coming next  
Then fuck it, I guess  
Get high, watch Trump for a sec  
Just for a laugh, so dumb that it's funny  
People still think he's runnin' the country  
Some of my family trust what he says  
Just think "Who can you trust?"  
CNN and FOX and some dumb Onion Youtube channel  
You believe what's comin' out that guy's mouth  
Conspiracy theories, vaccines  
How they can take control  
You believe everything you told  
If you don't then quit saying facts out loud  
You a sheep, you a meh  
You sound like a motherfuckin' lamb (facts)  
Really [?] understand  
Maybe life isn't as difficult if you go [?]  
Fuck, I sound like Chacho Brown  
You can love Trump as much as you want  
I don't hate you, I don't want to hurt your feelings  
I'd run straight thru a burning building to save you  
Fuck your political stance  
Cuz when the pandemic has passed  
It's not about the left or the right  
It's the innocent victims picked from a hat

At first we were scared then the tears fell down  
And suddenly it's nothing, just be careful now  
Like everyone forgot to watch the deathtoll count  
Went from scared with no answers to everyone's a expert now

I know everything, I know everything (expert now)  
I know everything, I know everything (expert now)  
I know everything, I know everything (expert now)  
I know everything, I know everything  
I know everything, I know everything
