

## Geronimo

Rittz

I been drinking till the bottle's gone  
And I'm all alone  
So high don't what cloud I'm on  
Look out below Geronimo  
I'm bout to jump out the window  
The time has come  
And I gotta go  
I told the Lord I'm coming home  
Look out below Geronimo  
I'm bout to jump out the window

See Jonny says that life is overrated  
He says that every day is so monotonous he hate it  
He's had a 9 to 5 since '99 and he don't make shit  
He lying on his applications saying he graduated  
And he blame it on his parents back in the day they separated  
Did music in the basement daily he was dedicated  
Sedated on you name it but it made him feel creative  
He's embarrassed now he feels like he might have wasted  
All his time he'll never make it  
Growing up he always had a lot of friends  
But some just did him dirty others doing as bad as him  
Feeling grimm they getting old and can't relive the past again  
Wishing that he had some cash to spend  
But the only cash he has he has to ration it  
His girlfriend is everything she love him  
But all they ever do is get drunk on alcohol and  
Talk about how they got nothing  
I heard him from a couple floors above me  
He screaming that he's jumping drunk and singing to his woman

I been drinking till the bottle's gone  
And I'm all alone  
So high don't what cloud I'm on  
Look out below Geronimo  
I'm bout to jump out the window  
The time has come  
And I gotta go  
I told the Lord I'm coming home  
Look out below Geronimo  
I'm bout to jump out the window

See Tanya and her mom don't get along  
What makes it even harder Tanya father's always gone  
He's never home it's like he's hiding from his family at his job  
Instead of coming home right after work  
He's spending his time up at the bar  
That's why his daughters lost and craving some attention  
Feening for it screaming for it won't nobody listen  
Started having sex and found a way to get affection  
Everyone she slept with says they hit and they didn't use protection  
And left when she started to get attached  
And all she wants is love it's like her heart is up for grabs  
The doctor says she's pregnant but she don't know who's the dad  
And he parents kicked her out because they racist  
And the baby daddy's black  
So now she's shacking up in one of her friends apartments

Drinking while she's pregnant talking about  
How cold her heart is from hardships  
She look up at the sky sighing why am I alive  
I should dive off this balcony she cried

I been drinking till the bottle's gone  
And I'm all alone  
So high don't what cloud I'm on  
Look out below Geronimo  
I'm bout to jump out the window  
The time has come  
And I gotta go  
I told the Lord I'm coming home  
Look out below Geronimo  
I'm bout to jump out the window window window

Jump  
Whatever you do  
I promise that things will get better for you  
Yeah  
Suck it
