

# Moonlit

## Rivals

I feel exactly the same, ten steps from a hurricane  
I know if I'm to blame I'll be in danger  
One thing before I go: I'd rather sleep alone  
Than know I've built a home with total strangers

I lost those feelings, all my hope is gone  
It's like I'm dying slowly, I know this is done

It's me against the rest  
I'm reaching through the darkness, is anybody out there?  
I tried to cheat death  
Played it like a game, but I feel it in the moonlit air

Moonlit  
Moonlit  
Moonlit  
I can feel it in the moonlit air

I feel the setting sun burning inside my lungs  
Daylight that never comes, I fade away  
I hear the violent crash of waves in their aftermath  
Whispers they can't take back, their regret sways

I lost those feelings, all my hope is gone  
It's like I'm dying slowly, I know this is done

It's me against the rest  
I'm reaching through the darkness, is anybody out there?  
I tried to cheat death  
Played it like a game, but I feel it in the moonlit air

Moonlit  
Moonlit  
Moonlit  
I can feel it in the moonlit air

You ever felt so lost?  
Like you're walking through the dark  
All their words begin to taunt  
All your hopeless thoughts  
Can you see me now?  
'Cause I've lost myself  
I don't know what I've become  
I've lost myself

It's me against the rest  
I'm reaching through the darkness, is anybody out there?  
I tried to cheat death  
Played it like a game, but I feel it in the moonlit air

Moonlit  
Moonlit  
Moonlit  
I can feel it in the moonlit air  
Moonlit  
(Moonlit)
