

Over It

Rivals

You're another nail in my coffin
Just another regret, another regret
And as he said, you're a notch in my bed
A notch, a notch, a notch in my bed

Ask me no questions
I'll never tell a lie
Kick him to the curb, let him read my words
You're dead inside, you're dead

Climax, baby
I'm over it, you made me
Waste it, my heartbreak
You made me waste it

You are my blackest night
Sneaking in and left my heart without sight
I'm walking blindly into a trap
I'm in your tight grip, there's no goin' back

Ask me no questions
I'll never tell a lie
Kick him to the curb, let him read my words
You're dead inside, you're dead

Climax, baby
I'm over it, you made me
Waste it, my heartbreak
You made me waste it
Climax, baby
I'm over it, you made me
Waste it, my heartbreak
You made me waste it

(Baby, I'm over it)
(Baby, I'm over it)

Climax, baby
I'm over it, you made me
Waste it, my heartbreak
You made me waste it
Climax, baby
I'm over it, you made me
Waste it, my heartbreak
You made me waste it

(I'm over it, I'm over it, so I'm over it)
