I'm a superstar baby

I want brand-new tits
I wanna star in shit
I wanna be filthy rich
I wanna, I wanna, I wanna zigga zig, ah

Hot take, I really am that great
Ooey gooey drama drippin' outta my brain
And let's say, you really could keep up
Stuck on my ass like I ever gave a fuck
Yeah, I really paved my way
I'm a rockstar you can check my bank

Fun has just begun, you might wanna watch me
La-la-la, I'm a superstar baby
La-la-la, just watch me go
La-la-la, I'm a superstar baby
La-la, la-la, enjoy the show

Got 'em all screaming mommy unprovoked
At this point this song is just a joke
Like when a bitch tried to silence me
"Being bi's my thing"
Fake feminist, rock the boat
I want private jets, I want a-list friends
Seth Rogan to give me head
I wanna, I wanna, I wanna start some shit

Hot take, I am the greatest of greats
All you sicky icky bitches gettin' stuck in my way
The fun has just begun, you might wanna watch me
La-la-la, I'm a superstar baby
La-la-la, just watch me go
La-la-la, I'm a superstar baby
La-la, la-la, enjoy the show

My bad, you thought?
This pop star shit was hard?
My bad, you thought?
This pop star shit was hard? (Say it again)
My bad, you thought?
This pop star shit was hard?
My bad, you thought?
This pop star shit was hard?
'Cause when a broke bitch wanna get testy
They wanna see a bad bitch 'till a bitch gets nasty

La-la-la, I'm a superstar baby
La-la-la, just watch me go
La-la-la, I'm a superstar baby
La-la, la-la, enjoy the show
I'm a superstar baby
