

# Thunderstorm

## Rivals

Oh-oh-oh-oh  
Oh-oh-oh-oh  
Oh  
Oh

We're picking up the pieces (Oh-oh-oh-oh)  
Shotguns that we needed (Oh-oh-oh-oh)  
Been tryin' to be patient (Oh)  
Again (Oh)  
After all the time we wasted (Oh-oh-oh-oh)  
You think we would be jaded (Oh-oh-oh-oh)  
But oh we love to taste it (Oh)  
Again (Oh)

Swore we couldn't, but boy, we did  
Thunderstorms on your horizon

I can feel the clouds hang over me  
Darkness from the shadow's all I see  
I can feel the clouds hang over me  
Rolling like thunder  
Gonna bring you to your knees

Tryin' to keep our head straight (Oh-oh-oh-oh)  
Every step could be a mistake (Oh-oh-oh-oh)  
We don't wanna play these games (Oh)  
Again (Oh)  
Don't need no one's help, no (Oh-oh-oh-oh)  
Just need us and our pistols (Oh-oh-oh-oh)  
We're coming after all of y'all (Oh)  
Again (Again)

Swore we couldn't, but boy, we did  
Thunderstorms on your horizon

I can feel the clouds hang over me  
Darkness from the shadow's all I see  
I can feel the clouds hang over me  
Rolling like thunder  
When I bring you to your knees

It's so dark now  
You'd think somehow we shot the sun out of the sky  
It's pourin' down  
It's swim or drown  
I've lost the light, at least I found the reason why

I can feel the clouds hang over me  
Darkness from the shadow's all I see  
I can feel the clouds hang over me  
Rolling like thunder  
When I bring you to your knees
