

The Hunt

River Whyless

Feel the sea breeze
Watch the bent trees
Smell the salt, smell it all
Hm hm hm hm
Hm hm, hm hm hm hm

Run through forest
Old and precious
Stakes the gate
Though we've changed
We can't return again
Our brothers, my love my friend

See your sweats all
On burning my soul
Wild hunt, we are but wild thieves
Can't you hear it ring?
Can't you hear?
Our childhood sings

Only brother
Would you save me now?
How I need you now!
Did you hear it ring?
Did you hear our childhood sing?
