

Time is a Holy Ghost

River Whyless

Tell me again
Tell me again
What was that you said?

Neighbor of mine
Neighbor of mine
A love that knows no end?

Oh my my, now a babe's at your door

Tell me again
Tell me again
A love that knows no more

This is the place
This is the place
Given to you to keep

Now you're white in the face
White in the face
Like the ghost of the barrier reef

Oh my my, why it's no hit-and-run

No stepping aside
Hiding your eyes
You see what's done is done

If it's Love and Grace
We admire most
Time, as we race
Is a Holy Ghost
To find it

Now you won't you tell me again
Tell me again
What we held so grand?

Neighbor of mine
Neighbor to all
Don't play dumb, the blood's on your hands

Here you see now, a lamb in the sun

Neighbor of all
Lover of all
The time for that has come

If it's Love and Grace
We admire most
Time, as we race
Is the Holy Ghost
To find it
