

Atomic Brain

Riverdales

You say I'm a dough boy, my money's just no good
And my edge is like a, like a block of wood
In my atomic brain, I feel no pity or shame
In my, in my atomic brain

If I was cool boy, will you give me the time?
Can I be a pet for you, with (???)
In my atomic brain, I feel no pity or shame
In my, in my atomic brain

Alright

In my atomic brain, I feel no pity or shame
In my, in my atomic brain (4x)
