

Crawling Eye

Riverdales

Crawling Eye it's a sad little eye, it's a bad little eye, broke it out
Crawling Eye it's one of a kind, made me cry when you said broke it out

Creepy creepy creepy creepy creepin' all around
Scaring all the kids on the street,
Creepy creepy creepy creepy creepin' all around
(???)

Crawling Eye bottled up little guy, got a tear in it's eye, broke it out
Crawling Eye pirouettes in disguise, give it time, bottled up, broke it out

Creepy creepy creepy creepy creepin' all around
Treating me like some kind of freak,
Creepy creepy creepy creepy creepin' all around
Nobody ever knows how to look,

It's an optical illusion baby
There's no need to be afraid
Ain't it logical to lose him baby
Why can't you love me as I am?

Crawling Eye it's a sad little eye, it's a bad little eye, broke it out
Crawling Eye all the things you can find, take it out for a ride, broke it out

Broke it out
Broke it out
Broke it out
