

Infection

Riverdales

Waking up with a screaming headache
Falling back into a stupor
Hit me like a phantom (???)
(???)

Oh, doctor, someone help me
(???)
(???)
They always end up seeing the red as green (???)
Baby, I'm a bad infection

Now it looks like I'm bleeding at you
Now it looks like I'm bleeding in you
Moving in without a sound, yeah
Moving out and then destroy you

(???)
I'm already in her brain
They always end up seeing the red as green
Baby, I'm a bad infection
Bad infection
Bad infection
