

# Look Me Up

Riverdales

If you want a good time, why don't you look me up?  
I never got the chance to make you mine, why don't you look me up?  
I know you got my number wrong, just call me up and we'll hit the town

Why don't you look me up?  
Why don't you look me up?  
Why don't you look me up, if you wanna have fun?

I know you wonder what you're doing there, why don't you look me up?  
He doesn't pay attention to you, it's always his career, why don't you look me up?  
I always hoped we'd stay in touch, the other girls I knew I don't miss too much

Why don't you look me up?  
Why don't you look me up?  
Why don't you look me up, if you wanna have fun?

You used to be a lot of fun, why don't you look me up?  
Now you don't get out or talk to anyone, why don't you look me up?  
Maybe we could put it all to an end and try to find a way to find yourself again

Why don't you look me up?  
Why don't you look me up?  
Why don't you look me up, if you wanna have fun

If you wanna have fun (2x)
