

Make Way

Riverdales

The kids are out, and they just wanna dance (oh yeah)
They're so frantic, they'll jump out of their pants (oh yeah)
Cause it's the new sensation, so get into the groove
We'll storm the streets, now the kids are on the move

We are gonna do what we feel is right (oh yeah)
We'll get no rest cause we're gonna have fun tonight (oh yeah)
Cause it's the new sensation, and it's here to stay
And now, everybody's gonna make way

When all the kids start and hit the streets (oh yeah)
They'll all bop to the atomic beat (oh yeah)
We don't care about the latest hip hooray (oh yeah)
Because the Riverdales are here to stay (oh yeah)

Cause it's the new sensation, so get into the groove
We'll storm the streets, now kids are on the move
It's the new sensation, and it's here to stay
And now everybody's gonna make way

Now everybody's gonna make way!
Now everybody's gonna make way!
Now everybody's gonna make way!
