

## Out For Myself

Riverdales

When I walk the streets I watch my back  
From (?) and alleyways that wanna take me down  
And with those (?)  
The only way I could survive

Oh oh I'm, I am out for myself  
I don't need of anybody else  
The things they say, they don't make sense to me  
I am out, I am out, I'm out for myself

I used to run with a pack of gum  
Cause nobody showed me any love  
They made feel like I belong  
But I just kept moving along

Oh oh I'm, I am out for myself  
I don't need of anybody else  
The things they say, they don't make sense to me  
I am out, I am out, I'm out for myself

I'm out for myself (4x)
