

Squirm

Riverdales

You think you don't deserve it
But I know that you do
The leech will (???) making love to you

And I wanna watch you squirm
I wanna watch you squirm
I wanna watch you squirm

She's makin' her way to your neck
And then on to your mouth
Sucking all kiss out of you
While your trapped on the couch

And I wanna watch you squirm
I wanna watch you squirm
I wanna watch you squirm

You gotta shriek in horror
when the maggots crawl over you

And I wanna watch you squirm
I wanna watch you squirm
I wanna watch you squirm

Tonight, tonight

And I wanna watch you squirm tonight!
