

Stranded In Space

Riverdales

Watch out, baby, watch out
Looks like we've been stranded
Everything that could go wrong
Has happened since we landed

???

It seems like we're almost there too, now, baby
Oh, yeah

Watch out, baby, watch out
They're showing us our future
We'll end up just like them
If we don't find a solution

The world is on the verge of devastation
It seems like we're almost there, too, now baby

Oh, way out somewhere out, whoa
Oh, way out, no way out, whoa

Watch out, baby, watch out
Looks like we've been stranded
We can't be enslaved
You're trying to take over their planet

The world is on the verge of devastation
It seems like we're almost there too, now, baby
Baby, baby, can't turn back now (4x)
Can't turn back
