

# Restless

Rivermaya

Change your view  
Change your mind  
Try to tell your self you're control  
Somehow you try to find  
A little sense in madness  
Turn Away  
You were mine  
Once before  
Complication said it had to end  
Crazy whispers in my head again

Call it a restless mystery when you  
Find yourself in love with yesterday  
Close the door behind you  
Walk away  
Nothing's gonna change  
I'll love you anyway

Eyes on you  
Across the room  
Remember you said later no goodbye?  
Guess its true  
Don't you try?  
Playing games with destroy again
