

# Big Tech Brother

Riverside

Hello listener, if you want to hear the next song, you must first agree to terms and conditions. It won't hurt. Well, at least not now, maybe later. Thank you for your cooperation.

So  
What's it like  
To stick your head in the sand  
To choose ignorance  
"I've nothing to hide," you say  
"It's all okay and fine"  
Being tracked  
Being parsed  
Being mined  
Modified  
Being used  
Being searched  
Being lied to  
Monetised  
All that we've got  
Is not for free at all

When this life for everyone becomes too hard  
What we must give in return is a bit too much  
Mass control

84  
Brave New World  
I'm Free Raw  
I'm Free Raw  
Material

At your service, Sir

We have the right to defend ourselves  
We have the right to not accept  
Self-consciousness  
This is where we could start  
Being constantly  
Assessed  
Profiled  
Sorted  
Measured  
JUST CHOKE ON IT AT LAST!

I've nothing to hide  
I simply hate your style

But I know  
I've failed again  
There's numbness in my face

Mass control  
84  
Brave New World  
I'm Free Raw  
I'm Free Raw  
Material

I have nothing to hide
