

# Hotel Ceiling

Rixton

**A** **E**  
I can see it coming round full circle my friend  
**F#m** **D**  
On the TV they said they had reported you dead  
**A** **E**  
It was my fault 'cause I could've sworn that you said  
**F#m** **D**  
It was easy to find another for your bed

**A**  
Well how does it feel to leave me this way  
**E**  
When all that you have's been lost in a day  
**F#m**  
Everyone knows, but not what to say  
**D**  
I've been wonderin' now

**A**  
I've been staring at the hotel ceiling  
**E**  
Drinking everything I've found this evening  
**F#m**  
Try to hold on to the sweetest feeling  
**D**  
So I'll never let you go, don't you leave me lonely  
**A** **E**  
Start to see this, everyone I know cannot believe this  
**F#m**  
I'm tryna hold onto the sweetest feeling  
**D**  
So I'll never let you go, don't you leave me lonely now

**A** **E**  
When my eyes open morning pulls me into the view  
**F#m** **D**  
I guess I'm only acting in the way that you do

Just being alone...nooo-ooo-ooo-ooo-ooohh  
**A** **E**  
Only time tells me more than I hoped, all that I know  
**F#m**  
I'll been finding a fortnight alone and behold  
**D**  
I knew I shouldn't have let you go

**A**  
I've been staring at the hotel ceiling  
**E**  
Drinking everything I've found this evening  
**F#m**  
Try to hold on to the sweetest feeling  
**D**
