

# Wait On Me

Rixton

Wait on me  
I know how to love you  
And I wanna love you some more  
Wait on me  
Come a little closer  
Wanna be the one to explore  
A little trouble never hurt nobody  
Ooh I wanna feel your body  
Wait on me  
I know how to love you  
And I wanna love you some more

Take it, take it  
I'll give my heart to you for free girl  
Don't you break it, break it  
Along with every piece of me

I'll go the distance but not all of the way  
Say what you mean to me, and mean what you say, yeah

I never wanna be your ex-man  
I'll never make you feel ignored  
You can go and find your next man  
But I know what you're waiting for

Wait on me  
I know how to love you  
And I wanna love you some more  
Wait on me  
Come a little closer  
Wanna be the one to explore  
A little trouble never hurt nobody  
Ooh I wanna feel your body  
Wait on me  
I know how to love you  
And I wanna love you some more

Some more, oh, oh  
Some more, oh, oh

Say it, say it  
I know there's something on your mind, girl  
And I hate it, hate it  
When you just act like you're okay, yeah

I wanna be the one and all that you need, yeah  
I'll listen to your heart, I know how it speaks, yeah

I never wanna be your ex-man  
I'll never make you feel ignored  
You can go and find your next man  
But I know what you're waiting for

Wait on me  
I know how to love you  
And I wanna love you some more  
Wait on me

Come a little closer  
Wanna be the one to explore  
A little trouble never hurt nobody  
Ooh I wanna feel your body  
Wait on me  
I know how to love you  
And I wanna love you some more

Some more, oh, oh  
Some more, oh, oh

I wanna love you some more  
Come closer  
You know ya, don't feel like before  
I'll give you what you want till you want it more  
In your head, in your heart, like never before  
If a good thing is what you're waiting for  
Then don't you look no more

Wait on me  
I know how to love you  
And I wanna love you some more  
Wait on me  
Come a little closer  
Wanna be the one to explore  
A little trouble never hurt nobody  
Ooh I wanna feel your body  
Wait on me  
I know how to love you  
And I wanna love you some more

Some more, oh, oh  
Some more, oh, oh
