

Javelin

Rizzle Kicks

We javelin our troubles through the air
We don't need to worry 'bout a thing
Poppin' bottles, then we're cloud jumpin'
We don't need to worry 'bout the do's and don't's
We're javelin's in the air
It doesn't matter who you know
We're javelin's in the air (Yeah)
Traveling 'til it takes us there (Check)

Ayo I been there, I done that
With the power of a million, in one man
And now I'm feeling like a damn god, a god damn
I ain't tryna be a mad man, Jon Hamm
Real talk yeah I been there, and seen that
I just wanna get my cake up, and eat that
But it's not even about that, it's deep fam
If you seen what I made bruv, with these hands
Yeah it's time for the come back, yeah they want that
Everybody missing fun rap but they're on tap
Come along for your sun tan and the clack clack
You can even bring your gun hands brudda brap brap
It's space bound party then we zoom off
Said they're gonna bring an army, yeah and do what?
We even tryna be here, but we're too gone
Wanna know when we get there never too long (Too long)

We javelin our troubles through the air
We don't need to worry 'bout a thing
Poppin' bottles, then we're cloud jumpin'
We don't need to worry 'bout the do's and don't's
We're javelin's in the air
It doesn't matter who you know
We're javelin's in the air
Traveling 'til it takes us there

Yeah
Ooh, don't you doubt my
Airborne groove man I prove how how high
It's true, views from cloud nine
Paid my dues, lump sum outright
Got proof, got the t-shirt too
Live on the air, lifetime on the move
Gonna break right through
No me no you
On the one love vibe, so pure so true then
Life has it's way with us, plays with us
So we all crave a rush, rave it up
Yeah got a taste for lust but still
Nothing ain't free, gotta pay for love
Tsunami surfer the waves are high
Any dream is winner if you aim it right
Can't rush a download gotta take your time
You can't AirDrop us, we're too fly too right

We javelin our troubles through the air
We don't need to worry 'bout a thing
Poppin' bottles, then we're cloud jumpin'

We don't need to worry 'bout the do's and don't's
We're javelin's in the air
It doesn't matter who you know
We're javelin's in the air
Traveling 'til it takes us there
