

## All 4s

RJmrLA

All, all, down on all, all 4's  
She got down on all 4's, while I'm rollin' a 4  
She make her knees do the most, fingertips touching her toes  
She pickin' up all that dough  
She gon' crawl on the floor, she got dirt on all 4's  
Just like all of my ho's  
Down on all 4's  
Down on all 4's  
She picking up all that dirt off the floor

Got my bitch on my roll, there's some shit you don't know  
She get rid of her clothes, put my kids on her cloth  
She get hit on the low  
Got this thing going on I been hurt for a minute  
My name ain't Bender but ooh I been in it  
She's so way back played her back like I'm Emmitt, yeah  
Then I double back like a kidney  
She hit the stage, same way that I hit the stage  
I'm a dog let the cat out the cage  
From LA but she dance in the A  
All for Mr. LA from the pole to the play  
From the stroll to the mirror  
Pick up the dope put it in my Ameris  
You know we on this a hit when you hear it  
Won't disappear and appear. disappear...

She got down on all 4's, on all 4's  
She make her knees do the most, fingertips touching her toes  
She pickin' up all that dough  
She gon' crawl on the floor, she got down on all 4's  
Just like all of my ho's  
She got down on all 4's  
Just like all of my ho's  
Down on all 4's  
Down on all 4's  
She picking up all that (all that D)

Watch her go down on the D  
She been around my whole clique  
Even look like a b  
Pul in her stomach, the shit that he talking and shit  
All through it calling and he  
Be like don't quit, bitch I'm an addict, this the reaction  
Watching the book-makers here automatically  
Do that shit up like he's mad at me  
Hyper hygiene like a canopy, I'm in this bitch with a strategy  
Baby keep shaking that ass for me, I love you for your mentality  
Give me that money, swervin' through life  
Life with drama gang  
I'm with you, up in this thang, baby we making it rain  
Ain't gang with no lame, we checking for shine  
She wants the world when she got on all 4's

She got down on all 4's, on all 4's  
She make her knees do the most, fingertips touching her toes  
She pickin' up all that dough  
She gon' crawl on the floor, she got down on all 4's

Just like all of my ho's  
She got down on all 4's  
Just like all of my ho's  
Down on all 4's  
Down on all 4's  
She picking up all the dough...  
Down on all 4's  
Down on all 4's  
She picking up all the dough...
