

## Come Up

RJmrLA

You watchin' a come up  
My high won't go down  
You watchin' a come up  
My high won't go down  
Here I go, here I go  
Here I go, here I go

We said it, boy hi I know why you panic  
All sides all at you too ready  
Don't be eager to blast, shoot steady

You said it I'm better than your competition  
You know I know you measured by your opposition  
I grew up before I blew up, 'fore I blew up, 'fore I blew up  
You not gon' do nan, you don't talk to us, don't talk to us, don't talk to us

You watchin' a come up  
My high won't go down  
Here I go up  
Here I go, here I go  
You watchin' a come up, yeah  
You watchin' a come up, yeah  
You watchin' me come up  
My high won't go down  
Here I go, here I go  
Here I go, here I go

I can't be touched, I know that cliché  
Right now gettin' cut by all these [?]  
Fall down, get up, know he be [?]  
Turn around, feel like a glove, now Pon de Replay

Better than your competition  
You know I know you measured by your opposition  
I grew up before I blew up, 'fore I blew up, 'fore I blew up  
You not gon' do nan, you don't talk to us, don't talk to us, don't talk to us

You watchin' a come up  
My high won't go down  
Here I go up  
Here I go, here I go  
You watchin' a come up, yeah  
You watchin' a come up, yeah  
You watchin' me come up  
My high won't go down  
Here I go, here I go  
Here I go, here I go
