

Enough Rounds

RJmrLA

Times changin'
And I'm no motherfuckin' daylight savist (Ayy)
That chopper ate a nigga back like acne
I left my kids on your bitch back and I taped it
The new youth for the world in the whirlwind
It's more better when your girl got a girlfriend
Suicide, got the head like a turban
Left my slime on her belly like a serpent

Oh my God, I'm a lord of the zombies
Lay her body on the floor like a carpet
Pull a pole at the door, that's my side piece
Swing that bitch just like a sword, get your car hit
Money and jewelry in the safe 'cause the IRS be goin' in my bank
I got gold on my neck, I got Louis on my face
I got Louis on my feet, put a halo on my A
Told God, "I ain't scared, give me pearls off the gates"

I'm on
Chopper with the beam like red, like green, like go
Shinin' like a streetlight, diamonds in my teeth, I glow
Ayy, I fucked her on a free night, threw her on the sink like soap
I know they secretly hate us, bust down that piece like invasions

Oh, she said she want (She said)
She said, "I don't beg but I'm on it" (Yeah)
I said, "Settle down, hold down" (Wait, hold up)
I got enough rounds to go round

Give a bitch rounds, Mayweather (Mayweather)
I only nuttet like once, bitch, do better (Bitch, do better)
Niggas bank account empty, new dresser
You Broke than a nigga with a cast, nigga, do better
Lyin', niggas talk shit that I ain't buyin'
I keep a gold wrapper like a VVS diamond (VVS diamond)
Magnums, if you ain't get it, that's tragic
Now I know who be at home whackin'
I'on lift waste unless I'm pickin' up a backend (A backend)
Turn around for what? I look at cameras when I back in (When I back in)
You in that old ass whip but it ain't classic (But it ain't classic)
If it ain't a push start, trash (Start, trash)

I'm on
Chopper with the beam like red, like green, like go
Shinin' like a streetlight, diamonds in my teeth, I glow
Ayy, I fucked her on a free night, threw her on the sink like soap
I know they secretly hate us, bust down that piece like invasions

Oh, she said she want (She said)
She said, "I don't beg but I'm on it" (Yeah)
I said, "Settle down, hold down" (Wait, hold up)
I got enough rounds to go round
