He's slacking on my pimping  
I ain't losing, I'm winning  
Nigga, this your bitch I'm flipping  
We stunting up and now watching her body get it  
Annie get it, get it, get it, get it  
Girl get it  
Annie get with it  
Yeah, and she with it  
What you saying Annie girl

Annie what you really saying  
Getting money  
I can afford to be a minute man  
Specially when you go around like a ceiling fan  
But I don't care, I don't care, I just had to put it out there  
Out there, they call me Mr. Bitches, this sounds like riches  
I'll take it, fuck you from long distance  
Heard you got baggage, the baby daddy be tripping  
He fell in love with a freak, insecure ways, try to keep you on a leash  
I got a lot of fame from Been From The Gang  
Hoes never seen my face but they screaming my name  
RJ, On my momma I'm on  
On my momma I'm on  
Your man slacking, put her pants on a plaster  
Judge a book by it's chapters

He's slacking on my pimping  
I ain't losing, I'm winning  
Nigga, this your bitch I'm flipping  
We stunting up and now watching her body get it  
Annie get it, get it, get it, get it  
Girl get it  
Annie get with it  
Yeah, and she with it  
What you saying Annie girl  
Annie get it  
Get it, get it, get it  
Annie get it  
Get it, get it, get it  
Annie get it  
Get it, get it, get it
