Ay, close your eyes, visualize your success, nigga (Yes, nigga)
Can't be next when you stressed 'bout the next nigga (Next nigga)
You seen the texts, I'm official like a ref whistle
She seen my neck's on chill, I'm finsta Netflix her
Agree to disagree, never see a bitch in me
History is history, I want the smoke, nicotine, ayy
The new diamond chokers provoking enemies, ayy

Put my fit together, that's a masterpiece, ayy
Ain't no limits, now I think I'm Master P, ayy
Heater on my body, no anatomy
Middle finger in the air, everybody I know mad at me, ayy
I could care less what niggas wanna hear, ayy
You see the success up in my fuckin' ears, wait
I could care less what niggas wanna hear, ayy
All these carats in my chest and my fuckin' ears

I'm slowly, I'm slowly reaching the heights that these niggas expected of me
Can't you see I'm growing? I'm growing
Poke out my chest and I'm daring you, test on a G (On God)

Uh, take the impossible, redefine it ('Fine it)
Open the blinds, don't let no flies in (No flies in)
I was built outside just like a drive-in (Drive-in)
You play both sides 'til they collidin'
When it ain't no pride, you just surviving
My loose ends tied just like a violin
This a group pic vibe, I flash a hundred bands
This a blue man group, don't do no running man
Ay, I'm hoping you finally realizing
The notion provided ain't the fine print
It ain't the designers who design it
It ain't the lineup that show alignment
Hung me out to dry, no love in my demise
No hugs, just long goodbyes
Like the plug just died
I'm flooding all my assets in the drugs this time
If I don't brack off with this rap shit
I'm 75 to life

I'm slowly
I'm slowly reaching the heights that these niggas expected of me
