

# Make A Million

RJmrLA

I woke up and jumped on a plane  
Checked out my budget, I'm straight  
Fuck if you feeling some way  
Cause I got some millions to make  
Fuck if you feeling some way  
I woke up I slept on the plane  
But you cannot sleep on my name  
I got some millions to make

Fuck if you feelings some way  
I went to sleep on a plane  
I woke up I jumped off this way  
I woke up I jumped on the plane  
I woke up, my diamonds were dancing  
I kissed them like I'm a romantic  
And customs keep going through my baggage  
And checking my notes like a ransom

Is you gon help me make some millions?  
I not just your average civilian  
Cause I was in class with some real ones  
Shooting dice in the back of the building  
Slept on a plane, got a Charlie  
Got jet lag but I'm in a 'Rari  
I knocked your bitch at Le Jardin  
She fucked me before I departed

I woke up, my diamonds were dancing  
I kissed them like I'm a romantic  
And customs keep going through my baggage  
And checking my notes like a ransom

I woke up and jumped on a plane  
Checked out my budget, I'm straight  
Fuck if you feeling some way  
Cause I got some millions to make  
Fuck if you feeling some way  
I woke up I slept on the plane  
But you cannot sleep on my name

I got some millions to make

So fuck if you feeling some way  
Cause we got women on the way  
They walked in, my diamonds were dancing  
I kissed them like I'm a romantic  
Just hopped off a flight from Atlanta  
I got myself fly but I landed  
I'm making, I'm making some millions  
Wake up gon make me some millions  
10 million gon make me 10 million  
10 million gon buy me a building  
I [?] up in Barneys, they don't got what I want up in Saks Fifth  
I tip for the 'Rari, yesterday I passed out up in Maxfield's  
I woke up, my diamonds were dancing  
I kissed them like I'm a romantic  
And customs keep going through my baggage

And checking my notes like a ransom

I woke up and jumped on a plane  
Checked out my budget I'm straight  
Fuck if you feeling some way  
Cause I got some millions to make  
Fuck if you feeling some way  
I woke up I slept on the plane  
But you cannot sleep on my name  
I got some millions to make  
...
