RJmrLA

I don't park whips niggas, leave it for the valet  
Ice Bucket Challenge, diamonds dancing like a ballet  
Kush car alarm mind far gone, AR 15 Red eye  
Seems like a milla die  
4 5 harmed eyes wish bone upper thighs  
That will change your tone  
Like a autotune synthesize  
Sympathize for nothing  
No tears just ballin  
Just a bunch of bad bitches two steps from alcoholic  
Can't call it, Man my phone die  
Nigga I don't have fans at half time  
And cocaine talk money, call it chat line  
Jews on me, see me galking and I'm a rap guy  
Chest high send a shooter get him baptized  
Tell him fill it to the rim like a flat tire  
Paul Man  
Bingo! but its all on the bench  
I pinpoint a prospect popped the sharpest of the pink  
Don't know what you are shooting for in life  
Take a shot to the clique  
And Hop me in the whip  
Caught me with a sloppiest pennies  
I dread fuck em all  
They only call cause my tomorrow  
I'm showing off learned to ball with a broken heart  
Throw the ball bet it all go to longest yard  
If you see something then leap off a nigga

You ain't help build it  
Or get it started  
But you wanna live it  
I beg your pardon  
Ain't it funny when they realize  
They finally start to realize  
I live it

Real lives always gonna realize the real lies  
Fresh out the county no Shoe laces still fly  
Two bricks to Garfield rick way I builds mine  
After samson here got sliced this can't spend nice  
Get ride with god his purpose gotta me greater  
Just 1500 tryna start me in stables  
Spend 250 on a ounce I had 1250 left  
Bought a room for my worker bought a script to myself  
She put 8 hours  
Came with 35 franks  
Just imagine if she did this shit in 35 states  
So mine 30 for 30 ESPN film make  
24 Benji off the moxi blue fields  
Up to 5900 plus the 6 I still have  
65 from 15 plus big week to drag  
I laugh how you turn your floorplan to a fortress  
I won't even look you a the floor shit

You ain't help build it  
Or get it started

But you wanna live it  
I beg your pardon  
Ain't it funny when they realize  
They finally start to realize  
I live it
