Took some lumps and bruises that come with the squabble nigga
Wrist rocky smell the creed choppa Drago niggas
Potholes fuck up the forgies left the feet plain
Twin sisters down to orgy catch the G train
Diamonds twerkin' on my chest look like ceviche
I'm in love with these strippers like I'm T-Pain
Let her free from your chains
If I shoot my shot bitch my reach out your range
Can't dream up this high if you sleep on a plane
