Food Stamp baby slidin' like a EBT  
Russian rifle head first DDT  
Front page news now they read tweets  
Charge it to the game keep the receipt  
I just needed some new shoes for a remedy  
Bottle up my pain but they see through like it's henneby  
We gone line 'em up like a letter Z  
Ima get us to the end just don't bell on me  
Layin' in my bed a 100k in my mattress  
Phone alerted me motion detectors is active  
Helmets in my bushes poppin' up in the cameras  
Bird over my roof im still up in my pajamas  
Gotta beam in my eye  
Who's that peekin' in my window  
Who the fuck gave the feds info  
Dogs start barkin' and the babies start cryin'  
Neighbors they been hatin' on the benzo  
Feds got it lookin' like a kick door  
Heart start racin' like a Enzo  
Baby yellin' bae no 'frisco  
Tell 'em I surrender let the kids go  
They ransacked the crib broke the fish bowl  
Searchin' for the dope found the crisco  
Oh, got me fucked up, uh look  
This the life of Big Rodney back in '91  
Pops might have aired one no Nike Dunk  
Them jackboys ran the city it's a marathon  
Monogram tied around the neck Louie Farrakhan  
Pair of nines swingin' double dutch leave you paralyzed  
I'm paraphrasin' to let you know this ain't no pair of lies  
Knocked it off the hinges with the do' locked  
Is you gone ride that wave when the boat rock
