Aye, I told her treat me like I'm special don't act different with me
I'm on a different type of level nothing tricky with me
Those I thought uh never turn on me lookin' iffy iffy
I'll never let 'em get me
But rest in peace to my old ways never coming back for me
Told her we good even if it's lookin' bad for me
On my mama I ain't never leavin' I'm that involved
I fell asleep early woke up to 100 calls

These emotions that you showin' got you actin' like you knew me
Smokin' on this loud wanna talk about yo' mood swings
I can hear you clear but is you clear about these new things
Diamond rings, VVS bussin', Gucci on shoestrings
Coupe dreams, Miami shoppin' livin' yo' new dream
Chanel got yo' BBL lookin' good in this g-string
You tell me that you need me vibe changin' like TV
Bust it on me easy while we playin' this Breezy

Off these drugs with my bitch is the vibe tonight
We might do some shit to lose our lives tonight
We got pretty bitches caterin' the vibe tonight
We can't wait for later 'cause tonight's the night
Off these drugs with my bitch is the vibe tonight
We might do some shit to lose our lives tonight
We got pretty bitches caterin' the vibe tonight
We can't wait for later 'cause tonight's the night

Sex is a sacred exchange
Sweat it out energy trades like free agents
David Ruffen I can do without the temptations
Conversations, love is pain and sensation
Wrist cold Gucci gloves over ya fist froze
Lookin' through ya eyes see ya soul like it's a fish bowl
Window, tunnel yo' vision watchin' yo' friends close
Disco, ice hit the light like it's dynamite
Couple shots got you gettin' loose
I got you feelin' on yourself in this coupe
This ain't the Remy I ain't talkin' Papoose
Got you actin' crazy tryna show me all yo' moves
Feelin' like you want me but you lost up in the mood
Why you actin' so shy girl you know this is a vibe
I don't want you so attached 'cause I don't want to see you cry
When you see these hoes around me don't be actin' so surprised

Off these drugs with my bitch is the vibe tonight
We might do some shit to lose our lives tonight
We got pretty bitches caterin' the vibe tonight
We can't wait for later 'cause tonight's the night
Off these drugs with my bitch is the vibe tonight
We might do some shit to lose our lives tonight
We got pretty bitches caterin' the vibe tonight
We can't wait for later 'cause tonight's the night
(Off these drugs with my bitch is the vibe tonight)
(We might do some shit to lose our lives tonight)
(We got pretty bitches caterin' the vibe tonight)
(We can't wait for later 'cause tonight's the night)
