

## Future Being

RKCB

Hold tight, slow slow  
You're pulling me under  
The highest highs, lowest lows  
Shaking me from the  
Other side, where'd you go?  
I'm starting to wonder  
Sometimes it's hard to know

I need a  
Future being would you look after my every move?  
Do you see it, is it obvious to only you?  
Watching over me  
Ever questioning  
Could we ever be heavenly?

I need a  
Future being, future being  
Do you see it?  
Future being, future being  
Don't you leave me here

Make time, fill the space  
Sinking around us  
You'll be mine anyway  
I won't waste your love  
I wait for your touch  
If you take me up  
I won't waste your love

How are you coping  
With what you're told?  
I need you open  
I need you close  
Future being you've been watching after every move  
You've been seeing all the things I've tried to do for you  
Am I caught between?  
Nowhere left to leave  
Will you ever be next to me?
