

Baby I'm feeling something unusual  
You tell me patience patience  
But what can I do?

I can't explain it  
I know I'm being delusional  
My heart is racing racing  
But what can I do?

Is it honest  
Is it true  
Cause I'm confident that's it's you

Do you want it  
Yeah you do  
Better come with me and

I'll let you into my love now now

Go down by the water  
Do all I can girl prove to you  
That we can celebrate  
With nothing to lose

I'm getting into you  
I feel you now  
Are you getting into me

When I can't lose  
I'll call you out  
Can you give me what I need?

Is it honest  
Is it true  
Cause I'm confident that's it's you

Do you want it  
Yeah you do  
Better come with me and

I'll let you into my love now now
