

# Howling Fjord

RL Grime

And I know, and I know  
Hey! hey!  
And I know, and I know  
Hey! hey!

I needed a sign  
When you're speaking, it's just the truth  
No need to pretend that you're cool  
(And I know)  
The way you can hurts me so bad  
(Hey! hey!)  
I can't stop thinking all the things I had of you  
All the things I'd rather do  
Feelings, the silence gets through  
(Hey! hey!)

And I know, and I know  
Hey! hey!  
And I know, and I know  
Hey! hey!
