

Kingpin

RL Grime

Ooooooh, eeeeh, ooooh eeeehhhh

I live the life of a kingpin (kingpin)
I put my whole team up on that king shit (king shit)
Counting foreign money, bitch, I scream rich (scream rich)
I'm with foreign girls who don't speak English
Bitch I live the life of a kingpin (kingpin)
I put my whole team up on that king shit, king shit
Counting foreign money, bitch, I scream rich (scream rich)
I'm with foreign girls who don't speak English

Living like a kingpin

Kingpin, living like a kingpin
Eating like a kingpin, mobbing like a kingpin
I put my whole team up on that king shit
And she just love to do it for the kingpin

Shoutout to my fucking set
I'm working till we fucking set
I take her to the crib, record a movie
On the bed, yeah, that's the fucking set
We alone for five minutes, she a liar
If she says "we ain't fucking yet"
I'm up her X, she love the boy, I love respect
She hug the boy, I hug myself, I love myself
And I'mma get fucked up till they carry me outside
Only way you stopping me is if you gon' shoot me down
Or bury me alive
Nigga, we did it, we did it, We did it
We gon' do what we do for the night
Then tomorrow, fuck around, I'll come back and relive it

I live the life of a kingpin
I put my whole team up on that king shit, king shit
Counting foreign money, bitch, I scream rich
I'm with foreign girls who don't speak English

I'm living like a kingpin

Kingpin, living like a kingpin
Eating like a kingpin, mobbing like a kingpin
I put my whole team up on that king shit
And she just love to do it for the kingpin

Look me in my fucking eyes
If you playing, bitch, you better stop
Every morning I wake up to God
And realise that this shit is all that I got
You either ball or you watch
You either robbing the bank or you calling the cops
You either on a cruise or own a yacht
You either live or you're living to die
Me, I be making it work
I grind for everything I've got, bitch, I made it at work
And she grabbing for the bottle but I'm taking it first
Cause I already got a headache and you making it worse

Yeah, young nigga stressed out and hair pressed out
She got an ass and chest that I'm tryna test out
I made status quo, finna hand the rest out
That's enough for a mansion and a fucking guest house
So shit, I feel the jealousy
High off weed and amphetamines
Still walking down yelling "Finally Famous over everything"

I live the life of a kingpin
I put my whole team up on that king shit, king shit
Counting foreign money, bitch, I scream rich
I'm with foreign girls who don't speak English

Bitch I live the life of a kingpin
I put my whole team up on that king shit, king shit
Counting foreign money, bitch, I scream rich
I'm with foreign girls who don't speak English

Living like a kingpin

Kingpin, living like a kingpin
Eating like a kingpin, mobbing like a kingpin
I put my whole team up on that king shit
And she just love to do it for the kingpin
