

Slow Dive

RL Grime

I wanna live, wanna fly, wanna feel it all around
So fast that the lights all stop
I wanna touch, wanna cry, wanna feel more dance
So slow 'til the music off
I want ya, don't need ya
Comin' to save ya
I love ya, I'll leave ya
Right now

I'm in it for the slow dive
Test the water 'til it's just right
Light a fire baby, let it die
Wait a minute for ya, wait a minute for ya
'Cause I'm in it for the slow dive
Formin' for ya for the last time
I'll be gone before the tears dry
Wait a minute for ya, wait a minute for ya
Slow dive

Slow dive
Slow dive

I wanna take, wanna break, wanna get alone
Take me to the sky, let me ride that slope
I wanna chase, wanna race, wanna go far
Running on ice 'cause my heart on [?]
I want ya, don't need ya
Comin' to save ya
I love ya, I'll leave ya
Right now

I'm in it for the slow dive
Test the water 'til it's just right
Light a fire baby, let it die
Wait a minute for ya, wait a minute for ya
'Cause I'm in it for the slow dive
Formin' for ya for the last time
I'll be gone before the tears dry
Wait a minute for ya, wait a minute for ya
Slow dive

Slow dive
Slow dive

Don't you try to stop me
By now, you should know that
Don't you try to cross me
By now, you should know that
Don't you try to stop me
By now, you should know that
Don't you try to cross me
Mmm

I'm in it for the slow dive
Test the water 'til it's just right
Light a fire baby, let it die
Wait a minute for ya, wait a minute for ya

'Cause I'm in it for the slow dive
Formin' for ya for the last time
I'll be gone before the tears dry
Wait a minute for ya, wait a minute for ya
Slow dive
