

## Call Me Back

R.LUM.R

Yo, um, if you could call me when you get this that would be...  
That would be really great, because I just feel like...  
There's just a lot of questions, you know?  
And... I don't really know where we stand anymore  
I feel like I love you but I feel like you...  
Just love my body, or love me in your bed  
I just can't, I just can't, just tell or decide, if, uh  
You want me or you just want somebody next to you  
'Cause I just feel like I'm always here and I feel like...  
I just need you to call me back soon  
'Cause I don't want to jump to conclusions  
But that's definitely how it feels with you  
And it's felt like that for a while so...  
Uh, so just call me back  
Okay, bye
