

There you go with that expression  
Talkin' 'bout what you expecting  
Like I'm s'posed to make an exception  
And watch you move at your discretion  
Lately, you say I've been selfish  
Too slow to answer your message  
You say I be keeping you stressin'  
And now you keep asking me questions

Do you really love me like you say you do?  
Or just love to fuck me 'til I make it through

Tell me what you want, I want to hear it  
Tell me what I know's already clear  
Tell me just enough to keep me near  
Tell me lies, tell me lies (Tell me)

Guessing my way through suspicions  
About the way we keep pretending  
Like everything's good and not ending  
It's pushing me over my limit  
I will not make your decisions  
But I will not deal with indifference  
And I will not be left defenseless  
So you can break me before bending

Say what you say 'bout how you need your space  
'Til you texting me late and you ask me to stay  
Doing more than it takes tryna have it both ways  
In the face of space that we cannot occupy  
Or admit that the primal intent we dismissed as a tryst still exists  
and it turned into this  
So let me ask you again...

"Do you really love me like you say you do?  
Or just love to fuck me 'till I make it through"

Tell me what you want, I want to hear it  
Tell me what I know's already clear  
Tell me just enough to keep me near  
Tell me lies, tell me lies (Tell me)  
Tell me what you want, I want to hear it  
Tell me what I know's already clear  
Tell me just enough to keep me near  
Tell me lies, tell me lies

Tell me lies
