Amen

Thank God that I can live
Thank God that I can breathe
Thank God that I can spit
Thank God that I can dream
Even though this is beautiful I can see the world I remember
Even when someone is dying, they can still snore
I don't know anything besides myself, yeah, whether I'm happy or sad
If you asked me if I would be born again as someone, I would choose myself
I can tell ya if I can't attest to myself
After searching through this one body I'll spit on my grave
Fuck you this is my own god rappin'
Even if I can't die a legend that's okay cuz I'm my legend
Do you know the reality that there's no shadow in the fire?
Then will I become the fire or will I become the light, that's my question
So if I become the light then in the daylight, then the darkness
Closes his eyes when it's bright and when others sleep, opens his eyes again
Even though I felt suffering I thank you
If there is a such thing as a God, I tell you

Yo, this is god rap
I don't have any religion, because I am my own god
Whatever ordeals come, I'll take them with my own two hands
And I say it to myself again, amen

Yo, this is god rap
I don't have any religion, because I am my own god
Whatever ordeals come, I'll take them with my own two hands
And I say it to myself again, amen

Yo, this is god rap
I don't have any religion, because I am my own god
Whatever ordeals come, I'll take them with my own two hands
And I say it to myself again, amen

At one time I aspired to rap just like you
Everyone easily slanders and easily praises, like a hypocrite
Like that I wanted to bring cheer to my own reality
I'm barely an amateur, was I only a rapper?
While saying I'm different, while saying that my tastes aren't cheap
I rejected almost everything. I thought that was cool
Then or now, the things I want are the same
At that time it was far from my eyes but now I can see myself
The thing that redeemed me too, the things that pushed into me
The distant precipice and everything, that's all me
Foolish humanity, you too can become gods

Hold your head straight and try, a saint's smile
Jesus' footsteps, Allah's prayers
Even until Maria's love, all of it is inside you
This is unconditional redemption and unconditional belief
I am my god, my world, all my symbols

Yo, this is god rap
I don't have any religion, because I am my own god
Whatever ordeals come, I'll take them with my own two hands
And I say it to myself again, amen

Yo, this is god rap
I don't have any religion, because I am my own god
Whatever ordeals come, I'll take them with my own two hands
And I say it to myself again, amen

Yo, this is god rap
I don't have any religion, because I am my own god
Whatever ordeals come, I'll take them with my own two hands
And I say it to myself again, amen
