

Heaven

RM

Take my heaven
'Cause you ain't inside it
If that's your delight
Come ruin my vibe

Take my heaven
Oh you ain't invited
Go grab your knife
And watch me collapse

You don't need to hide it
I know what you are
You do it errtime

Don't let me ignite it
You tryna rewind
But not for this time

I'm feelin' so good here with me
Feelin' so full here with me
Everything's untakeable
My peace is unbreakable
Take my heaven for free
Your words and face don't kill me
You know you not a lovable
I'm happy where the devils are

So take my heaven
'Cause you ain't inside it
If that's your delight

Take my heaven
Oh you ain't invited
Go grab your knife
And watch me collapse

So take my heaven
