

LOST!

RM

Love
How you get in love like, oh?
How you get love?
Take it for the love like, oh
How'd you get lost?
Take it from the love like us
How'd you get lost?
Take full of love like us
It was you (Ooh)
It was you (Ooh)
It was you (Ooh)
It was you (Ooh)

I'm goddamn lost
I never been to club before
I hit the club
I never felt so free before
You're goddamn ghost
I never felt so fine before
I hit the cloud

Hold up, hold up, hold up, hold up
Damn now, thank you, don't worry
□□□□□□ □□□ □ □ □ □□

□□□ □□ □□□ □ □□ thirty

And I look up in the sky I see silver cloud, yo hurry

Dump it on the ground
Pick it up, throw it in the trunk
Dump it on the ground
Pick it up, throw it in the trunk
Dump it on the ground
Pick it up, throw it in the trunk
Dump it on the ground
Pick it up, now let's go dumb

Ay, ay, ay, ay (Dump it on the ground, shit)
Ay, ay, ay, ay (Dump it on the ground, shit)
I keep trippin', I can't stop bleedin'
I got lost in the ground, but not beggin' at you

I'm goddamn lost
I never been to club before
I hit the club
I never felt so free before
You're goddamn ghost
I never felt so fine before
I hit the cloud

I got temptation
I got temptation (Ah)

Every morning, every night
I always feelin' lifeless
And in the morning I feel love

I hug it in excitement
Every morning, every night
I always feelin' sickness
When I feel lonely as fuck
I still got lifeless
I'll never love when I'm low
It'd gonna lightless, uh

I'm goddamn lost
I never been to club before
I hit the club
I never felt so free before
You're goddamn ghost
I never felt so fine before
I hit the cloud
I never felt so free before

I got temptation
I got temptation (Ah)
I got temptation
I got temptation (Ah)
I got temptation
I got temptation (Ah)
I got temptation
I got temptation (Ah)
I got them
