RM

We're part of the moonlight  
Ain't no fantasy  
Can't bring you the sunlight  
Gotta hide your heart  
We're born to be sad, sad, sad, sad  
Suffer to be glad, glad, glad, glad

C'mon yo moonchild, moonchild  
That's supposed to be  
Yeah all the pain, all the sorrow  
That's your destiny, see  
You know my life is like this  
We gotta dance in the rain  
Dance in the pain  
Even though we crashed now  
We gonna dance in the plane  
Uriegen nuguboda bamui punggyeongi piryoehae

We're part of the moonlight  
Ain't no fantasy  
Can't bring you the sunlight  
Gotta hide your heart  
We're born to be sad, sad, sad, sad  
Suffer to be glad, glad, glad, glad

C'mon yo, moonchild, moonchild  
That's supposed to be  
Yeah all the pain, all the sorrow  
That's your destiny, see  
You know my life is like this  
We gotta dance in the rain  
Dance in the pain  
Even though we crashing now  
We gonna dance in the plane  
For us, more than anyone else, we need the night sky  
Only you, and not anyone else, can comfort me  
It's okay to shed the tears  
But don't you tear yourself

Moonchild, you shine  
When you rise, it's your time  
C'mon yo  
Moonchild, don't cry  
When moon rise, it's your time  
C'mon yo  
Moonchild, you shine  
When moon rise, it's your time

Even if I (try to) leave  
I'm unable to leave just once  
You said you wanted to die, but you lived as zealously as you, said such words  
You said you wanted to rid yourself of it but you string up another thread  
Even thinking that you shouldn't think  
That in itself is a thought,  
You know  
That in fact we're fated like this,  
You know  
That we're smiling through never-ending pain,  
You know  
The moment you speak of freedom, you lose it,  
You know  
Do you know?

Again with those eyes being lowered I look at the night sky  
I'm going to show it to you: your spear, your time  
Do you know? Even in that lamppost, there are many thorns  
Look at the flashing lights one more time  
That glittering light, study it carefully  
Isn't what's called a nightscape a cruel thing: a spectacle made up of someone's congregated thorns  
(But) surely someone will see your thorns and be comforted

We are each other's nightscape, each other's moon  
We are each other's nightscape, each other's moon  
We are each other's nightscape, each other's moon

C'mon yo  
Moonchild, don't cry  
When moon rise, it's your time  
C'mon yo  
Moonchild, you shine  
When moon rise, it's your time  
C'mon yo
