

## Rush

RM

I should be the biggest star in the world  
I should be hearing Oppa from every girl  
Got to put a rush on it (seodulleo)  
God, help me put a rush on it (seodulleo baby)  
And you could be the biggest star in the world  
Don't matter, one day you're going to leave the world  
Trying to put a rush on it (seodulleo)  
God, don't let me put a rush on it (seodulleo baby)

I want to be the one they listen to people then broke they ears  
I provoked the fears of them  
Who she think about when she kissing you  
When the smoke clears I provoke the tears of them  
They cry they cry  
When they see the dude with the thing on his eyes  
Then I can open em wide, my mind  
I can put the feelings of women aside  
When they just feeling the vibe he got  
Money for condo and a fiat. And begat the son of genius an a re-up  
So we up the creek wit out a paddle or a pre-nump  
And he bouta take Ya real far like a Prius  
And make it to the top of this here and get popular  
Cause when people think Ya poppin and popular they watchin Ya  
And if a cloudy day and baracades is stoppin ya  
Put in da stunner shades block 'em from ya ocular  
And I feels like I'm the biggest one  
I'll rock it till the wheels falls off and the feelings gone  
And ima push it till my digits done  
Races ain't givin to the swiftest but the realist one

I should be the biggest star in the world  
I should be hearing Oppa! from every girl  
Got to put a rush on it (seodulleo)  
God, help me put a rush on it (seodulleo baby)  
And you could be the biggest star in the world  
Don't matter, one day you're going to leave the world  
Trying to put a rush on it (seodulleo)  
God, don't let me put a rush on it
