RMR

I love you cuz you crazy  
And they gone try to cheapen your heart  
Shawty on a new wave  
And you been going crazy from the start

West indies from the streets, kept it clean, baby  
Call my girl a rider, anything she want, she get it, baby  
She don't want a Birkin, want a crib, I'll buy you both, baby  
Diamonds glistening, you kiss me, miss me, don't you, baby

Exes still callin', and you don't give him no way  
Visa, finessin', yea that's my lil baybay  
Maxed out my lovin', and still expect me to pay  
Evil Knievel, haha

I love you cuz you crazy  
And they gone try to cheapen your heart  
Shawty on a new wave  
And you been going crazy from the start

Fuckin up the city, Godzilla  
You might know her name, but she ain't gone stay  
That girl pretty, no fillers  
Copped the double C, just to match her wrath  
Pockets never get low, straight killa  
Can't play no games wit her poker face  
Fenty, with the drip, Imma need an umbrella  
She's so wild and I love it when she's crazy

West indies from the streets, kept it clean, baby  
Call my girl a rider, anything she want, she get it, baby  
She don't want a Birkin, want a crib, I'll buy you both, baby  
Diamonds glistening, you kiss me, miss me, don't you, baby
