I've been hurt and fucked up too
Many years ago
Hopin' I could come up quick
Along the broken road

Well, I hustled and found a plug (Found a plug)
Front me extra, show me love
Now I'm flexin' in a Wraith
They hatin' on me too

And every sleepless night
Led me to where I am
Bitches that broke my heart
They became hoes that scam
Show me a better way
Promise I'll quit this game
This much I know, it's true
I came up and so could you
And fuck the boys in blue

Fuck 'em all
Fuck 12, fuck 12
Fuck 12, fuck 12

Blow the money, act a fool
Baguettes my proof
Brought my niggas, put 'em on
I promise I won't lose

Well, I hustled and found a plug (Found a plug)
Front me extra, show me love
Now I'm flexin' in a Wraith
They hatin' on me too

And every sleepless night
Led me to where I am
Bitches that broke my heart
They became hoes that scam
Show me a better way
Promise I'll quit this game
This much I know, it's true
I came up and so could you
And fuck the boys in blue

Fuck 12, fuck 12 (Fuck 12, fuck 12)
Fuck 12, fuck 12 (Fuck 12, fuck 12)
Fuck 12, fuck 12
Fuck 12, fuck 12

Ah
This much I know, it's true
In
In blue
